PROFESSIONAL SUMMARY

Frontend-focused Full Stack Developer with 3+ years of experience designing, developing, and maintaining scalable web applications using React.js, Node.js, SQL, and MongoDB. Strong expertise in UI development, REST API design, modular and reusable component architecture, and agile software development methodologies. Skilled in version control with Git, continuous integration workflows, and working knowledge of AWS services including Parameter Store, CloudWatch, and Kibana. Proven ability to enhance user experience and optimize application performance through collaborative team efforts.

TECHNICAL SKILLS

- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3
- Backend: Node.js, RESTful API Development
- Databases: SQL, MongoDB
- Tools & Platforms: Git, GitLab, JIRA, Postman, CI/CD pipelines
- Cloud & Monitoring: AWS Parameter Store, CloudWatch, Kibana
- Methodologies: Agile Scrum, Version Control, Code Review

PROFESSIONAL EXPERIENCE

- Senior Software Developer

The Digital Group Infotech, Pune | Jan 2025 – Present

- Developed and maintained a reusable React.js component library across multiple HRMS product modules for improved UI consistency and faster feature delivery.
- Designed and implemented scalable RESTful APIs using Node.js and SQL supporting Employee Management, Attendance, and Payroll functionalities.
- Collaborated with cross-functional teams during agile sprints; contributed to UI/UX improvements and optimized application performance.
- Ensured high code quality and maintainability by adopting reusable design patterns and effective Git branching strategies.

- Software Developer

Infosys Ltd., Pune | Feb 2022 – Jan 2025

- Built and maintained customer onboarding applications using React.js frontend and Node.js backend, delivering secure and modular API integrations.
- Implemented backend logic with MongoDB, enhancing data retrieval speed and ensuring data integrity.
- Actively participated in JIRA-driven agile ceremonies and contributed to continuous integration and delivery pipelines using GitLab.
- Gained foundational AWS cloud experience managing Parameter Store configurations, CloudWatch monitoring, and Kibana dashboards for application health tracking.

CERTIFICATIONS

- Certified JavaScript Developer – Infosys, 2023
- AWS Cloud Practitioner (Basic) – Infosys, 2023

EDUCATION

B.E. Mechanical Engineering, Pune University, 2021 | CGPA: 7.8

PROJECTS & PORTFOLIO

- Developed mini games and creative frontend projects showcasing expertise in React, JavaScript, HTML, and CSS.
